PARTIES OR CATEGORIES OF PARTIES ENTITLED TO USE THE CERTIFICATE:

None. There are no other eligible fishers.

***Note on suspension 3a, 4, 7d cod and 4, 7d whiting: both stocks were suspended on 31 October 2019 following self-suspension by the collective Client Groups for this fishery (<https://fisheries.msc.org/en/fisheries/joint-demersal-fisheries-in-the-north-sea-and-adjacent-waters/@assessments>). If the certification status of either stock changes, this certificate will be re-issued.**

Certificate Schedule

The point(s) at which fish and fish products may enter a Chain of Custody:

The certified target species and stocks, caught in accordance with the method of capture/geographical area combinations and by the Client Group vessels covered by the scope of this certificate, as listed in the Certificate Schedule above, are eligible to enter further certified chains of custody (CoC) and be sold as MSC certified or carry the MSC ecolabel from the following points:

- Where product is sold through auctions, CoC should commence from the point of 1st sale.
- Where product is sold directly from the vessels, CoC should commence from the point of landing.

All parties wishing to sell MSC certified fish that has been purchased from this fishery will therefore require their own MSC Chain of Custody (CoC) certification, at which point the product shall be eligible to carry the MSC logo.
